The Mount Olive Police Department has the authority to declare that problems of traffic control exist or may exist when traffic must be moved through or around street construction, maintenance operations and utility work, either above or below the ground; which requires blocking the street and obstructing the normal flow of traffic; and that such obstructions are or can become dangerous when not properly controlled.

- A. In order to better promote the public health, safety, peace and welfare, it is necessary to establish controls and regulations directed to the safe and expeditious movement of traffic through and around construction and maintenance zones and to provide safety for the work forces performing these operations.
- B. The Township of Mount Olive; in the County of Morris; State of New Jersey does hereby adopt the current Manual on Uniform Control Devices for Streets and Highways hereafter known as the M.U.T.C.D., except as hereby supplemented and amended, as it controls and regulates whenever construction, maintenance operations or utility work obstructs the normal flow of traffic. If the officer in charge determines that the construction or maintenance operations prior to 8:00 a.m. or after 4:00 p.m. would substantially delay traffic or cause a safety or health hazard, the work shall then be permitted only between 8:00 a.m. or after 4:00p.m.

F. ROAD CLOSING

Road closing and/or traffic detours shall not be permitted unless approved by the Mount Olive Township Police Department's Traffic Bureau.
